To Whom It May Concern:

Please accept this letter of recommendation from Wilmington Surgcare in support of Financial Data Systems. We have had a business relationship with them since 2000. We are pleased to say they have done an excellent job with our collection accounts.

Not only is the staff courteous, but they are very knowledgeable and we do not have complaint issues from our patients, especially since they are considered an extension of us. It is essential that the staff not only be stern in collections, but also courteous enough to be understanding to the patient needs.

We have also turned over a few insurance companies and they did an excellent job in collecting from them as well. We have used several collection agencies in the past and by far, this has been the best on revenue pick-ups for our company.

We definitely suggest that you give them an opportunity, you will not regret it. If you should have any further questions, please do not hesitate to contact me at 910-763-4555 ext. 160 or the AR Supervisor Andreana Beatty at 910-763-4555 ext. 165.

Sincerely,

Michelle Presnell
